PROFESSIONAL SUMMARY

- Full Stack Web Developer specialized in building modern, high-performance applications using React, Next.js, and TypeScript.
- Focused on scalable architectures, clean and maintainable code, and intuitive user experiences.
- Experienced in integrating REST APIs and working across frontend and backend to deliver end-to-end solutions.
- Additionally, experienced in building AI-powered applications such as chatbots, and leveraging modern AI-assisted development tools (Cursor, Claude Code, Codex) to improve productivity, code quality, and development speed.
- Strong understanding of software architecture principles and best practices, with a proactive mindset and continuous drive to learn and improve.

TECHNICAL SKILLS

- **Frontend:** React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS
- **Backend & APIs:** Node.js, NestJS, REST API design & integration
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Software Engineering:** Clean Architecture, Modular Design, SOLID, DRY, KISS
- **DevOps & Tools:** Docker, Git, GitHub, GitLab, CI/CD (GitHub Actions)
- **AI & Modern Development:** AI-powered applications (chatbots), Cursor, Claude Code, Codex
- **Additional Technologies:** Angular, Python, QGIS

PROJECTS

Vacation Rental Management Website – casetamartiacarmeta.com

- Built a production-ready web application for managing holiday rental bookings and availability.
- Developed an admin panel with calendar management and booking control features.
- Implemented multi-language support (5 languages) for international users.
- Focused on usability, responsive design, and performance optimization.

PROFESSIONAL EXPERIENCE

Full Stack Developer

Delinternet Telecom · 2024 – 2026

- Developed and maintained scalable web applications using React, Next.js, and TypeScript.
- Designed and implemented frontend and backend features, integrating REST APIs and optimizing application performance.
- Applied software architecture principles (Clean Architecture, modular design) to build maintainable and scalable solutions.
- Built AI-powered features such as chatbots and leveraged modern AI-assisted development tools (Cursor, Claude Code, Codex) to improve productivity and code quality.
- Implemented and maintained CI/CD pipelines (e.g., GitHub Actions) to automate testing, building, and deployment processes.
- Collaborated on continuous improvements of user experience, performance, and overall product quality.

Frontend Developer

KeyPoint (Infortur S.L.) · 2021 – 2022

- Developed responsive web interfaces using HTML, CSS, and JavaScript, ensuring cross-browser compatibility.
- Contributed to frontend feature development and UI enhancements, adapting and improving existing components.
- Applied best practices in usability, accessibility, and maintainability to improve overall user experience.
- Collaborated with the team to deliver incremental improvements and maintain a consistent product interface.

EDUCATION

Master's Degree in AI Development (In Progress) | 2026 – Present

Higher National Diploma in Web Application Development (DAW) | 2020

Higher National Diploma in Systems and Network Administration (ASIR) | 2019

ADDITIONAL TRAINING

EF Education First, Australia | 2024

- Intensive English language improvement in an international environment.

Self-learning & Online Courses | 2023

- Specialized in modern web development, focusing on React and Next.

LANGUAGES

Spanish: Native

Catalan: Native

English: B2

ADDITIONAL INFORMATION

- Currently pursuing a Master's degree in AI Development, with a focus on integrating AI into scalable, real-world applications.
- Hands-on experience building AI-powered features such as chatbots and intelligent workflows within web environments.
- Actively leveraging AI-assisted development tools (Cursor, Claude Code, Codex) to accelerate development and improve code quality.
- Highly proactive in continuous learning, with strong interest in modern architectures, performance, and scalable systems.
